

Quotes of Swami Vivekananda on **Hardwork**

- “If the whole responsibility is thrown upon our own shoulders, we shall be at our highest and best; when we have nobody to grope towards, no devil to lay our blame upon, no personal God to carry our burdens, when we are alone responsible, then we shall rise to our highest and best.”
- “Keep on steadily. So far we have done wonderful things. Onward, brave souls, we will gain! Work hard. Be holy and pure and the fire will come.”
- Dreams can never become a reality without hard work.
